Five Things to Know Before You Enroll

Plexus is committed to providing resources and support that make it easy to choose the benefits that are right for you.

1 No action, no coverage.

Make sure to check out usbenefits.plexus.com after reading this guide to learn more about your benefit options. If you do not enroll by the enrollment deadline, you will not have Plexus benefits for 2024.

2 Employee eligibility.

As a Plexus employee who works at least 30 hours per week, you are eligible for all the benefits covered in this guide. If you work less than 30 but more than 20 hours per week, you are eligible for Basic Life and Accidental Death and Dismemberment (AD&D) Insurance and the Plexus Corp. 401(k) Retirement Plan.

3 Dependent eligibility.

Visit usbenefits.plexus.com under Getting Started for more information about dependent eligibility.

4 Verify your dependents.

It is important that you enroll only dependents that are eligible for Plexus' plans. **Any dependents added for 2024 benefits who were not previously verified must complete the verification process.** Download the necessary forms from **Connect > PLXS-CORP > Human Resources > Benefits, Wellness & Recognition > Benefits > AMER > U.S. Benefits**. Return them with any requested documentation by the deadline shown on the forms.

5 Is your spouse eligible for employer-subsidized medical coverage elsewhere?

If yes, and he or she is covered under your Plexus medical plan, you will pay an extra \$175 per month.

Newly Hired? Welcome to Plexus!

Review this guide to learn about your Plexus benefits and then enroll within 31 days of your eligibility date. If you do not enroll during this period, you will not receive any healthcare coverage, unless you experience a qualified life event later in the year or enroll in the next Open Enrollment period.

Your Checklist for Open Enrollment—and Beyond

Choosing your 2024 benefits is a big decision. And making the most of your coverage isn't always easy either. Plexus is committed to providing resources and support that can help—both during enrollment and throughout the year.

Enrolling Through Workday

- 1 Log on to your Workday account at <https://wd5.myworkday.com/plexus/d/home.html>. If accessing Workday from home, you will need to enter your network login credentials.
- 2 Go to the "Inbox."
- 3 Select the "Open Enrollment Change" task.
Note: If you're a new hire, select "Benefit Change – New Hire."
 - If you enroll in a Consumer Choice option, be sure to also elect the Health Savings Account (HSA) to receive the Plexus contribution.
 - Verify or add your spouse and/or dependents to your coverage or as beneficiaries. You will need to provide their names, birthdates, Social Security numbers, genders, and addresses.
- 4 Review your elections, select "I Agree" and then click "Submit."
- 5 Print your **confirmation page** and keep it for future reference.

Mid-Year Changes

You can enroll or make a change to your benefits during the year if you have a qualified life event such as:

- Change in marital status, number of dependents (e.g., birth, death or adoption), employment status for you, your spouse or dependent impacting coverage, or a change in dependent eligibility (e.g., attaining age 26).
- Medicare or Medicaid entitlement causing gain or loss of coverage;
- Gain or loss of other coverage through your spouse or for your dependent
- Receipt of a Qualified Medical Child Support Order (QMCSO); and
- Job status changes.

You may add or terminate coverage, change coverage levels (e.g., from single to family coverage), and add or remove dependents. You cannot change plans mid-year (e.g., from Consumer Choice 2000 to CMP). **Note:** Be sure to make changes within 31 days of the event in Workday and provide support for the event.

Benefit deductions will be withheld from your paycheck beginning on the effective date of your benefits.

Please enroll by the enrollment deadline, or as soon as possible, to avoid delay in receiving coverage and ID cards..

Live Better

Build a healthy foundation

Live your best life with comprehensive health and insurance benefits, a wide range of wellbeing offerings and more.

Your Medical Coverage

You have a choice of three medical plans administered by UnitedHealthcare (UHC):

- CMP
- Consumer Choice 2000
- Consumer Choice 4000*

The CMP is a traditional Preferred Provider Organization (PPO) plan.

The Consumer Choice options are high deductible health plans (HDHPs) that are designed to work with a tax-advantaged Health Savings Account (HSA).

How Your Medical Coverage Works

While our plans differ in how costs are shared, they work in much the same way:

Deductible	Coinsurance	Your Out-of-Pocket Limit
You pay 100% until your deductible is met. Network preventive care is covered 100% and not subject to the deductible. For the CMP, you may pay a copayment for some expenses, including doctor visits and prescriptions.	Once you meet your deductible, the plan will begin to pay a percentage of your eligible healthcare costs; you and the plan will share the expenses. You'll always pay less when you stay in the network. If you go out of the network, you pay more.	Once you reach your out-of-pocket maximum, the plan will pay 100% of eligible expenses for the rest of the plan year.

Your HSA

If you enroll in a Consumer Choice plan, be sure to also enroll in the HSA, so you can receive Company contributions. Plexus will contribute \$650 for individual coverage or \$1,000 for family coverage. Company contributions are made on a per-paycheck basis and are prorated based on your coverage effective date. You can use the money in your HSA to help meet your deductible, or save it for retirement! For more information, see page 13.

If You Have Family Coverage

Each family member enrolled in the CMP has an individual deductible and out-of-pocket maximum. Under the Consumer Choice plans, your family's combined healthcare costs are used to meet one deductible and one out-of-pocket maximum. Visit usbenefits.plexus.com to learn more.

Preventive Care vs. Diagnostic Care

Preventive Care:

Helps you stay healthy before you have symptoms. Annual screenings are an example of preventive care, which is covered at 100% in-network.

Diagnostic Care:

Helps when you have symptoms or need follow-up care after a preventive visit. When you get diagnostic care, you may share some of the costs through copayments, coinsurance or deductibles.

Visit www.myuhc.com to make sure your doctor is in-network. Refer to the Summary Plan Description on usbenefits.plexus.com to see what services are preventive. You can also contact UHC for more information about covered services.

* If you enroll in the Consumer Choice 4000 medical plan, you will automatically be enrolled in Basic Critical Illness Insurance at no additional cost based on your medical coverage level. Plexus pays the premium but will withhold tax for the premium amount to ensure any benefit received is tax-free. This will appear on your paycheck as Critical Illness imputed income.

How the Medical Plans Compare

This table is a summary of the benefits provided under the Plexus medical plans. Check out the Summary of Benefits and Coverage (SBC) on **Connect** for more details.

Plan Better

Build a stronger future

Save money on health and dependent care, protect your family from unexpected financial hardship, build retirement savings and take advantage of special Plexus discounts.

Healthcare and Dependent Care Spending Accounts

Plexus offers an HSA and two FSAs to help you cover health and/or dependent care expenses tax-free. For more information on the HSA and FSAs, visit usbenefits.plexus.com.

Health Savings Account (HSA)

Our Consumer Choice medical plans are designed to work with an HSA. You can use our HSA, administered by Optum Bank®, to help cover out-of-pocket healthcare expenses. Your unused balance rolls over each year and accumulates tax-free.

	2024 IRS annual maximum	Plexus annual contribution	Employee annual maximum payroll contribution
Single	\$4,150	\$650	\$3,500
Family*	\$8,300	\$1,000	\$7,300

* Family includes Employee + Spouse and Employee + Children coverage levels.

Both your contributions and company contributions apply to the IRS limits. If you are 55 or older, you can make an additional \$1,000 catch-up contribution.

You can change your HSA contribution amount at any time during the year by submitting an HSA Change benefit event in Workday.

You must elect the HSA to receive Plexus contributions even if you don't plan to contribute to the HSA yourself.

HSA Highlights

- 1 It's yours to keep, similar to a personal bank account.
- 2 There's no "use it or lose it" rule. Your HSA balance rolls over and accumulates, year after year.
- 3 When your balance reaches \$1,000, you can invest your HSA much like your 401(k) plan.
- 4 You get a triple-tax advantage. Contributions are pre-tax, your account grows tax-free and you're not taxed on the money you use to pay qualified medical expenses.
- 5 It's easy to use. Pay qualified expenses with your Optum Bank debit card (sent within 45 days after you first enroll). Or save your money and medical receipts and request reimbursement in the future.

To Be Eligible for a Health Savings Account:

- You must be covered under one of the Consumer Choice medical plans.
- You cannot be covered under any other health plan, including a spouse's FSA.
- You cannot be enrolled in Medicare, TRICARE® or VA benefits.
- You cannot be claimed as a dependent on another person's tax return.

Questions about your eligibility or the HSA in general? Visit www.irs.gov or contact Optum Bank.

Healthcare Flexible Spending Account

If you enroll in the CMP medical option, or waive medical coverage, you can save pre-tax dollars in a Healthcare FSA through payroll deductions. Your contributions can be used to help cover medical, dental and vision expenses not covered by your health plan.

How the Healthcare FSA works

Your entire annual election amount is available at the beginning of each year to reimburse your eligible expenses for that year.

Annual contribution

Minimum	Maximum
\$100	\$2,600

For a complete list of eligible Healthcare FSA expenses, visit www.irs.gov/forms-pubs/about-publication-502.

Dependent Care Flexible Spending Account

The Dependent Care FSA allows you to save money tax-free to help pay for eligible daycare or eldercare expenses that enable you to work and/or attend school full time. This account cannot be used for healthcare expenses for your dependents in accordance with IRS regulations.

How the Dependent Care FSA works

Under the Dependent Care FSA, you will be reimbursed up to the amount in your account when you request reimbursement.

Annual contribution

Minimum	Maximum
\$100	\$5,000 for a married couple \$2,500 if you are single or married and file separately

For a complete list of eligible Dependent Care FSA expenses, visit www.irs.gov/forms-pubs/about-publication-503.

FSA Highlights

- The potential tax savings is like getting a discount on eligible expenses equal to your tax rate.
- Any money left in your Healthcare and/or Dependent Care FSA will not carry over into the next plan year.

Using Your FSA

- You must enroll in one or both FSAs during Open Enrollment or as a new hire. Otherwise, you'll have to wait until Open Enrollment for the next year (unless you have a qualified life event that allows you to change your coverage mid-year).
- You must incur eligible expenses between Jan. 1 (or the date your participation begins if enrolling as a new hire) and Dec. 31 of the plan year. There is no grace period or carryover, although you can submit 2024 claims through March 31, 2025.
- You will receive an FSA debit card to pay for eligible expenses where accepted. If enrolled in Plexus medical coverage, you can sign up at www.myuhc.com to automatically submit your medical out-of-pocket claims directly to your Healthcare FSA for reimbursement. Other expenses may be submitted to UnitedHealthcare for reimbursement.

Voluntary Benefits: Added Protection for You and Your Family

Legal Insurance

A legal insurance plan can ease the biggest stresses—finding and paying for legal expertise when you need it most. Enrolling in a legal insurance plan reduces the stress of finding and paying for an attorney. LegalEASE offers a legal insurance plan that provides support and protection for unexpected personal legal issues.

What you get with a LegalEASE insurance plan:

- An attorney with expertise specific to your personal legal matter
- Access to a national network of attorneys with exceptional experience that are matched to meet your needs
- In- and out-of-network coverage
- Concierge help navigating common individual or family legal issues

As a member, you have access to a national network of over 20,300 attorneys who are matched to your specific legal needs. Being a LegalEASE insurance member also saves you time and costly legal fees. But most importantly, it gives you confidence and provides coverage for:

- Home and consumer (buying, selling, foreclosure and tenant disputes)
- Financial (debt collection, collections, contracts)
- Auto and traffic (traffic matters and license suspensions)
- Family (adoption, name change)
- Estate planning and wills (will, living will, healthcare power of attorney)

To learn more about your legal insurance plan, visit www.legaleaseplan.com/plexus, or call 800-248-9000.

Financial Protection

Plexus offers three voluntary benefits through Voya Financial to give you added financial protection if you experience a serious illness or accident:

- **Critical Illness Insurance:** Pays a lump-sum benefit if you or a family member covered under this plan is diagnosed with a covered illness or disease, such as heart attack, stroke, organ failure or cancer.
- **Accident Insurance:** Supplements your primary health insurance by providing benefits for specific injuries and events resulting from a covered accident. Benefits are provided regardless of other medical or disability benefits you receive.
- **Hospital Indemnity Insurance:** Provides a single lump-sum benefit if you or a family member covered under this plan is hospitalized for a covered condition. Benefit amount is based on the number of days spent in the hospital if you have a covered stay on or after your coverage date.

The cash payments provided through these programs can be used for any purpose, including health insurance deductibles and copayments, childcare and home healthcare. Premiums are deducted from your pay post-tax so the benefit amount paid is tax-free. This coverage is guaranteed issue, which means no medical questions or tests are required when you enroll. If you leave Plexus or retire, you can take the coverage with you. It's fully portable.

Legal Notices

To communicate benefits information to our employees effectively and in a timely manner, we provide the legally required health, welfare and retirement plan disclosures to you on **Connect > PLXS-CORP > Human Resources > Benefits, Wellness & Recognition > Benefits > AMER > U.S. Benefits**. Required Annual Notices may also be found on **Connect**. However, you may receive some notices on paper via the U.S. mail in order to comply with the applicable laws that govern our plans.

Under this method of delivering electronic disclosures and notices, you will be notified via company email when a new disclosure or notice is posted or when existing documents or notices are modified. Please note, if you would like a paper copy of any disclosure document or notice, you may print the information from **Connect > PLXS-CORP > Human Resources > Benefits, Wellness & Recognition > Benefits > AMER > U.S. Benefits**, contact your HR representative or contact the Benefits team at PLXS-GHQ.Benefits.Team@plexus.com.

This document also serves as a Summary of Material Modification (SMM) and describes important changes in the Plexus Corp. medical plans (collectively, "Plan") sponsored by Plexus Corp. (the "Company"). This SMM is intended to update and supplement the Summary Plan Description (SPD) booklet for the Plan. The Plan changes described in this document supersede any contrary provisions contained in the SPD, although the remainder of the SPD will remain in effect. This document together with the Plan's SPD make up your official summary plan description; please keep them together and refer to them as necessary. If there is any discrepancy between this SMM or the Summary Plan Description and the Plan document, the Plan document will govern.

The Company reserves the right to end, suspend or amend its benefit plans and programs at any time, for any reason, in whole or in part. Receipt of enrollment materials with respect to a benefit does not imply eligibility or coverage for that benefit. Providing employees with enrollment materials does not create any rights with respect to any benefit beyond those provided in the applicable plan documents. The plan administrator will determine eligibility for Plexus benefit plans.

HIPAA Special Enrollment Notice

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself or your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing towards your or your dependents' other coverage). However, you must request enrollment within 31 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new dependent as result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption.

Special enrollment rights also may exist in the following circumstances:

- If you or your dependents experience a loss of eligibility for Medicaid or a state Children's Health Insurance Program (CHIP) coverage and you request enrollment within 60 days after that coverage ends; or
- If you or your dependents become eligible for a state premium assistance subsidy through Medicaid or a state CHIP with respect to coverage under this plan and you request enrollment within 60 days after the determination of eligibility for such assistance.

Note: The 60-day period for requesting enrollment applies only in these last two listed circumstances relating to Medicaid and state CHIP. As described above, a 31-day period applies to most special enrollments.

To request special enrollment or obtain more information, contact your HR Representative or the Benefits team via email PLXS-GHQ.Benefits.Team@plexus.com.

Important Notice from Plexus Corp.

About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Plexus Corp. (administered by UHC) and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Plexus Corp. has determined that the prescription drug coverage offered by the Plexus Corp. Health Plan administered by UHC is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from Oct. 15 to Dec. 7.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens to Your Current Coverage If You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Plexus Corp. coverage will not be affected. You should compare your current coverage (including the drugs that are covered) with the coverage and cost of the plans offering Medicare prescription drug coverage in your area.

When the Medicare Part D benefit becomes available, you will still have the same prescription drug coverage with Plexus. The Plexus plan is the primary payor when your coverage for the plan's benefits is based on current employment with Plexus. If you elect the Consumer Choice 2000 or 4000 plan, the pharmacy benefit offers 80% coverage after deductible.

All Plexus plans offer you 100% coverage on certain wellness medications. The medications on this list are subject to change based on the IRS definition of "preventative." In addition, your current coverage pays for other health expenses, in addition to prescription drugs, and you will still be eligible to receive all of your current health and prescription drug benefits if you choose to enroll in a Medicare prescription drug plan.

If you do decide to join a Medicare drug plan and drop your current Plexus Corp. coverage, be aware that you and your dependents will not be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Plexus Corp. and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About Your Options Under Medicare Prescription Drug Coverage

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).
